Discipline Policy

It is the philosophy of this after school program to help children grow emotionally as well as intellectually. To help children succeed, feel good about themselves, and be able to express their feelings in a positive and constructive manner.

It is our policy that discipline be positive. Discipline is not punishment. It is a way of helping children learn to identify socially acceptable behavior.

Within our facility, limits and rules are clearly defined. We focus strongly upon the reinforcement of acceptable behavior and the prevention of undesirable behavior by being, responsive to the needs of the children.

Methods of correcting inappropriate behavior within the facility consist of the following:

1. Re-direction of activities: to change the focus of a child's behavior.
2. Individualized attention: to help child to deal with a particular situation.
3. Time-out: the removal of a child from the area of activity, for a few minutes, so that he/she may gain self-control. Time-out shall be used as a last resort in disciplining any child that is misbehaving.
4. Attention to good behavior: to respond to and reinforce positive behavior, acknowledge or praise the child when behaving well to let him/her know that we approve of what he/she is doing.
5. Discipline will not involve isolating a child without supervision, or withholding food or attention. No child shall be subjected to corporal punishment, emotional neglect, abusive language, ridicule or any behavior that would intimidate, frighten or endanger a child or his/her self-image.

Expulsion Policy

Unfortunately, there are some situations in which we have to expel a child from our program either on a short term or permanent basis. We want you to know we will do everything possible to work with the family of the child(ren) in order to prevent this policy from being enforced. The following are reasons we may have to expel or suspend a child from this camp.

Immediate causes for expulsion:

- The child is at risk of causing serious injury to other children or him/herself
- Parent threatens physical or intimidating actions toward staff members
- Parent exhibits verbal abuse to staff in front of enrolled children

Parental Actions for Child's Expulsion:

- Failure to pay/habitual lateness in payments
- Failure to complete required forms including the child's immunization records
- Habitual tardiness when picking up your child
- Verbal abuse to staff

Child's Actions for Expulsion:

- Failure of child to adjust after a reasonable amount of time
- Consistent and repeated tantrums/angry outbursts
- Ongoing physical or verbal abuse to staff or other children
- Biting

Schedule of Expulsion - If the remedial actions above have not worked, the child's parent/guardian will be advised verbally and in writing about the child's or parent's behavior warranting an expulsion. An expulsion action is meant to be a period of time so that the parent/guardian may work on the child's behavior or to come to an agreement with the center.

- The parent/guardian will be informed regarding the length of the expulsion period.
- The parent/guardian will be informed about the expected behavioral changes required in order for the child or parent to return to the center.
- The parent/guardian will be given a specific expulsion date that allows the parent sufficient time to seek alternate child care (approximately one to two weeks' notice depending on risk to other children's welfare or safety). Failure of the child/parent to satisfy the terms of the plan may result in permanent expulsion from the center.

The following will never be the cause of an expulsion:

If a child's parent(s):

- Make a complaint to the Office of Licensing regarding a center's alleged violations of the licensing requirements.
- Reported abuse or neglect occurring at the Center.
- Questioned the Jubilee Center regarding policies and procedures.

In addition, a child will never be expelled without giving the parent sufficient time to make other child care arrangements.

Proactive Actions that can be taken in order to prevent expulsion

- Staff will try to redirect child from negative behavior
- Staff will reassess classroom environment, appropriate of activities, supervision
- Staff will always use positive methods and language while disciplining children
- Staff will praise appropriate behaviors
- Staff will consistently apply consequences for rules
- Child will be given verbal warnings
- Child will be given time to regain control
- Child's disruptive behavior will be documented and maintained in confidentiality
- Parent/guardian will be notified verbally
- The director, staff and parent/guardian will have a conference(s) to discuss how to promote positive behaviors

THE USE OF COMPUTERS, THE INTERNET AND ELECTRONIC MAIL PERMISSION FORM

The Jubilee Center is pleased to offer members access to a computer network for electronic mail and the Internet. To gain access to e-mail and the Internet, all students must obtain parental permission as verified by the signatures on the form below. Should a parent prefer that a student not have e-mail and Internet access, use of the computers is still possible for more traditional purposes such as word processing.

What is possible?

Access to e-mail and the Internet will enable members to explore thousands of libraries, databases, museums, and other repositories of information and to exchange personal communication with other Internet users around the world. Families should be aware that some material accessible via the Internet might contain items that are illegal, defamatory, inaccurate, or potentially offensive. While the purposes of the Jubilee Center are to use Internet resources for constructive educational goals, students may find ways to access other materials. We believe that the benefits to members from access to the Internet in the form of information resources and opportunities for collaboration exceed the disadvantages. But ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information sources. Therefore, we support and respect each family's right to decide whether or not to apply for access.

What is expected?

Members are responsible for appropriate behavior on the Jubilee Center's computer network just as they are in a classroom or on a school playground. Communications on the network are often public in nature. General rules for behavior and communications apply. It is expected that users will comply with district standards and the specific rules set forth below. The use of the network is a privilege, not a right, and may be revoked if abused. The user is personally responsible for his/her actions in accessing and utilizing the Jubilee Center's computer resources. The members are advised never to access, keep, or send anything that they would not want their parents or counselors to see.

What are the rules?

Network administrators may review communications to maintain system integrity and to ensure that members are using the system responsibly.

Storage capacity -- Users are expected to remain within allocated disk space and delete e-mail or other material, which take up excessive storage space.

Illegal copying -- Members should never download or install any commercial software, shareware, or freeware onto network drives or disks, unless they have written permission from the Network Administrator. Nor should members copy other people's work or intrude into other people's files.

Inappropriate materials or language -- Profane, abusive or impolite language should not be used to communicate nor should materials be accessed which are not in line with the rules of camp behavior. A good rule to follow is never view, send, or access materials, which you would not want your counselors and parents to see. Should members encounter such material by accident, they should report it their counselor immediately.

Succinct Advice

These are guidelines to follow to prevent the loss of network privileges.

1. Do not use a computer to harm other people or their work.
2. Do not damage the computer or the network in any way.
3. Do not interfere with the operation of the network by installing illegal software, shareware, or freeware.
4. Do not violate copyright laws.
5. Do not view, send, or display offensive messages or pictures.
6. Do not share your password with another person.
7. Do not waste limited resources such as disk space or printing capacity.
8. Do not trespass in others folders, work, or files.
9. Do notify an adult immediately, if by accident, you encounter materials, which violate the miles of appropriate use.
10. BE PREPARED to be held accountable for your actions and for the loss of privileges if the Rules of Appropriate Use are violated.

The Jubilee Center is a State of New Jersey Licensed After Care Facility for school age children. We are licensed by the Bureau of Licensing, Division of Youth and Family Services and comply with all applicable provisions of the Manual of Requirements for Child Care Centers.
